# Hako

Clean ahead

**Cleanserv SD43/180, SD43/450,  
SD43/2 Speed and PE53/1100**  
*Single-disc and polishing machines*

*For clean, shining floors*

## Hako quality is reflected in the glossy result

Hako offers a range of perfectly compatible single-disc and polishing machines in different sizes and performance categories for efficient and economical cleaning and maintenance of hard floors plus an extensive range of cleaning & care products and accessories.

### 1) Cleanserv SD43/180

Standard machine for basic and maintenance cleaning. Typically employed for shampooing carpets and for the basic cleaning of all water-resistant flooring.

### 2) Cleanserv SD43/450

High-speed machine for the cleaning and polishing of soft-coated surfaces, giving them a mirror-like finish.

### Cleanserv SD43/2 Speed

This universal single-disc machine is perfectly suited for scrubbing and polishing at two different speed levels.

### 3) Cleanserv PE53/1100

Ultra-high-speed machine for polishing, cleaning and spraying. Increased productivity through Powerflow. Typically employed for polishing coated surfaces. Flat brush head for easy cleaning under radiators.

Technical Specifications Cleanserv	SD 43/180	SD 43/450	SD 43/2 Speed	PE 53/1100
